Case study: Heather Wilson

Therapy & counselling

SWIPE →

A rebuild with “more going on”

Bespoke design based on her inspiration sites

“

I found James patient and hugely encouraging with my attempts to whip my website into better shape. I am not SM savvy or aware of all the technical considerations involved in the process and he answered my questions promptly and thoroughly. With his experience and support my Website is now clear and in place and out there and I can relax and feel it is doing its best to promote my work.
