DIY vs done-for-you: what is your time worth?

An honest comparison

SWIPE →

01

Count the hours

Learning the tool, writing the words, finding photos, fixing it on mobile.

02

Count the other cost

What else could you have done with those hours? Clients? Rest?

The honest comparison

DIY

Cheaper in pounds. Costs hours and patience, and often never gets finished.

DONE FOR YOU

Costs pounds. Saves your time, and the result is clear and finished.

03

Either is valid

Pick what fits your time and budget. Just don’t let it sit unfinished.
